Thank you!

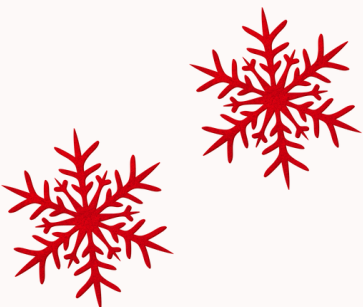

We are so grateful for wonderful Speakers and their presentations in 2024 and plan to bring more of the same to you in 2025!

In October, we were delighted to present Historic Port Royal's Kerri Holland (President) and Trish Parker (Secretary) as they shared a very informative and interesting presentation of the history of White House China!

In November, Dr. Robert Gates shared his published work, "The Potomac River: History Flows Through Eastern Virginia."

KGHS UPDATES

Elections for Officers were held this past November. The elections resulted in the following:

President: Renee Parker

Vice President: Mark McColman

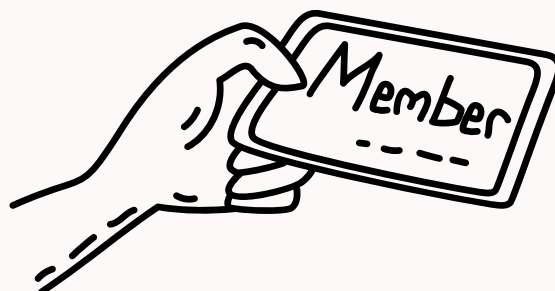

Treasurer: Lynn Pardee

Secretary: Karen Tebrich

Museum space will be a topic on the Board of Supervisor's Agenda during either the late January BOS meeting or a BOS meeting in February. We will send email once we have a firm date. The expectation is to present our need for space and include detailed information on the type of artifacts and examples of King George history housed in the museum.
